

Carelton MBM Provider Portal

Self-Service Peer-to-Peer Review

Peer-to-peer (P2P) scheduling modernization

Moving from a phone-based, manually coordinated peer-to-peer (P2P) scheduling process to a digital model will greatly improve the experience for both external providers and our internal Carelon teams.

Effective this April, the new self-service peer-to-peer (P2P) scheduling feature in the Carelon MBM provider portal will offer a more convenient, transparent experience. With automated scheduling, improved tracking, and greater visibility, external physicians will be able to secure P2P appointments more quickly and easily. This modernized approach is designed to boost efficiency, reduce administrative burden, and help ensure faster access to clinically appropriate decisions.

To support a smooth transition, the automated P2P capability will roll out in phases. Phase one launches April 20, 2026, for Musculoskeletal (MSK) customers and providers across all lines of business, for Anthem plans only. Phases two-four will follow later in Q2-Q3 for Anthem Medical Oncology, Surgical, Cardiology, Additional Outpatient UM, Genetic Testing customers and providers, as well as for other internal and external client plans and providers in these same solutions, all lines of business.

The full rollout will take place in four phases, allowing for a controlled deployment, thoughtful expansion across solutions and health plans, and the opportunity to incorporate feedback as adoption grows.

For our other Carelon solutions that are out of scope at this time, providers can continue to call in to request peer-to-peer appointments.

.Continued rollout updates will be included in upcoming editions of Provider Connections and on our [blog site](#). Please see the slides to follow for a preview of the new process.

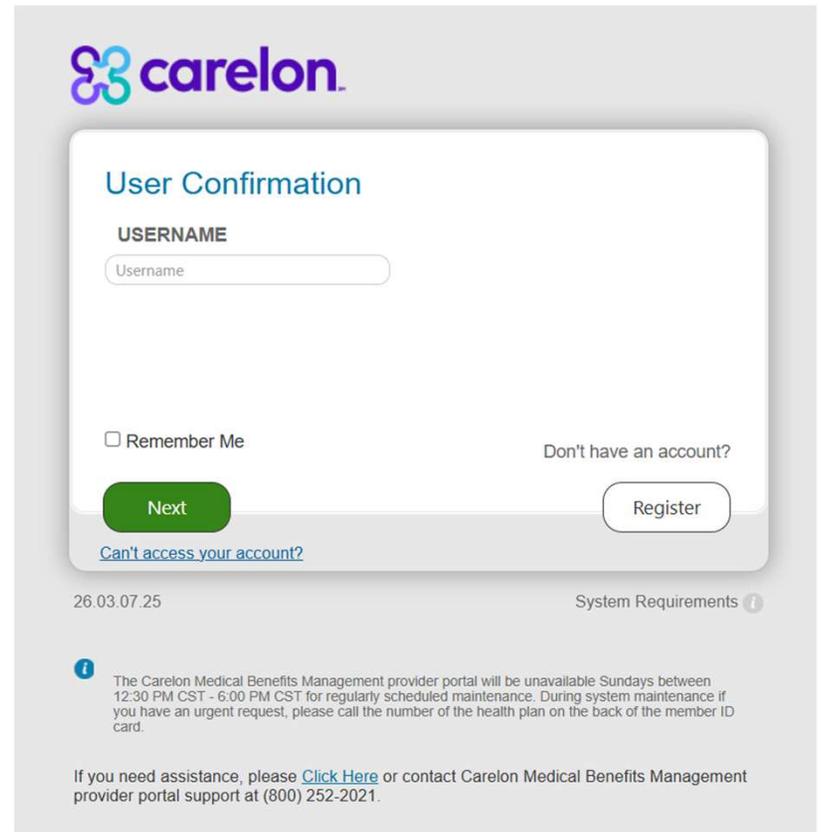

Provider portal messaging on the new P2P process

The following message will appear on Carelon specialty provider portal for the initial P2P rollout and will be updated throughout the rollout period:

"Carelon is rolling out peer-to-peer scheduling through the provider portal. For updates on availability and program details, please visit our Provider Connections blog: <https://providers.carelonmedicalbenefitsmanagement.com/providerconnections/>"

Provider portal: <https://www.providerportal.com>

The screenshot shows the Carelon user confirmation page. At the top left is the Carelon logo. The main heading is "User Confirmation". Below this is a "USERNAME" label and a text input field containing the word "Username". There is a checkbox labeled "Remember Me" and a link "Don't have an account?". At the bottom of the form are two buttons: a green "Next" button and a white "Register" button. Below the form is a link "Can't access your account?". At the bottom of the page, there is a date "26.03.07.25" and a link "System Requirements". A blue information icon is followed by a message: "The Carelon Medical Benefits Management provider portal will be unavailable Sundays between 12:30 PM CST - 6:00 PM CST for regularly scheduled maintenance. During system maintenance if you have an urgent request, please call the number of the health plan on the back of the member ID card." At the very bottom, there is a note: "If you need assistance, please [Click Here](#) or contact Carelon Medical Benefits Management provider portal support at (800) 252-2021."

Order search

The screenshot displays a web application interface for order management. At the top, the user is identified as 'Pmphysnew183 User' with a 'Logout' option. Navigation links include 'Secure Messages (1)', 'Provider Management', 'Manage Your User Profile', and 'Help Center'. The main section is titled 'Order History' and features a search bar with the following fields: Member ID (1234567890), Date of Birth (01/01/1900), First Name (First), and Last Name (Last). A 'Search' button is present, along with a 'Clear' link and a 'Show Search Tips' link. The search results show one result for Order ID: 1234567890, which is marked as 'Non-Authorized'. The details for this order include: Member (Lastname, Firstname, Member ID: 1234567890), Ordering Provider (Lastname, Firstname, Entered Date: 01/01/2022), and Approval Valid From (01/01/2022 - 02/02/2022, Service Date: 01/01/2022). Action buttons for 'View Order Summary', 'View Letters', and 'Request Peer to Peer' are available, with 'Request Peer to Peer' highlighted. A 'Show Details' dropdown is also present. The interface includes a sidebar with 'Start Order Request', 'Order Search', 'View Order History', and 'OptiNet Registration' options. The bottom of the page shows a pagination indicator '1 of 1' and a page number '4'.

Scheduling page

Note: If there are no peer-to-peer time slots available within the next 10 business days, a message will appear prompting user to call the health plan phone number to schedule P2P.

Request Peer-to-Peer Review

Order ID: 123456789 ✖ Non-Authorized

Request Peer-to-Peer Review

A peer-to-peer review is available for this Order. You often direct discussion with a Caridian Physician Reviewer to learn more about why an Order has been denied and provide additional clinical information or other supporting documents that were not available when the determination was provided.

Confirm the time zone for scheduling:

Time Zone: Central Time (CT)

Request the date and time based on Peer-to-Peer availability:
